MUSIC

IN THIS EDITION:

- Transition days
- Office is open
- On line Lessons
- WCET

Transition days

Many of our tutors enjoy being involved in your transition days and although things are very different at the moment, we wanted to offer an input in helping your school promote and showcase music lessons. We are currently putting together an online music collaboration to show how much fun learning an instrument can be! We will be sending this to you via our youtube link so that you are able to share this with your new year 7's and their parents. We hope you have as much fun watching this as our tutors have had making it!

Our remote office is open!

We, like all of those who are able to are currently working from home but we are available as normal to answer any questions, queries or if you just want to say hello, please do drop us an email: Telford.music@telford.gov.uk

Our lessons are online!

We have temporarily moved our lessons online to ensure as many children have the opportunity to continue with their music lesson. We now have over 90 of our existing pupils having their music lessons delivered online via Microsoft teams with their tutors and they are going very well. We are currently offering these fully subsidised and they will continue to be available as an alternative until we are able to resume within schools again.

Telford & Wrekin Music thank you for your continued support. Stay safe and well!

Bookings now being taken for our WCET programme

We are now taking bookings for our KS1 and KS2 whole class music programme, starting September. You should have received your booking forms and information pack and please contact us if you have any questions or would like to discuss your requirements. We want to assure you that no instruments will be shared between pupils and all of our stock of instruments will be getting a professional deep clean in preparation for the new academic year. As we all know, music can not only help with lots of developmental skills but it also helps with the mental health of children so we feel its so important that as many children as possible have this opportunity. Please contact our WCET co-ordinator Andi to book or with any questions :-
